# Chez Ratatouille – Final Project Ironhack

Duarte Nuno Soveral

Agenda

Introduction

Ideas

Development

Improvements & Conclusions

Introduction

Meal Planning? What's that?

Ideas for Spare Ingredients in the Cupboard?
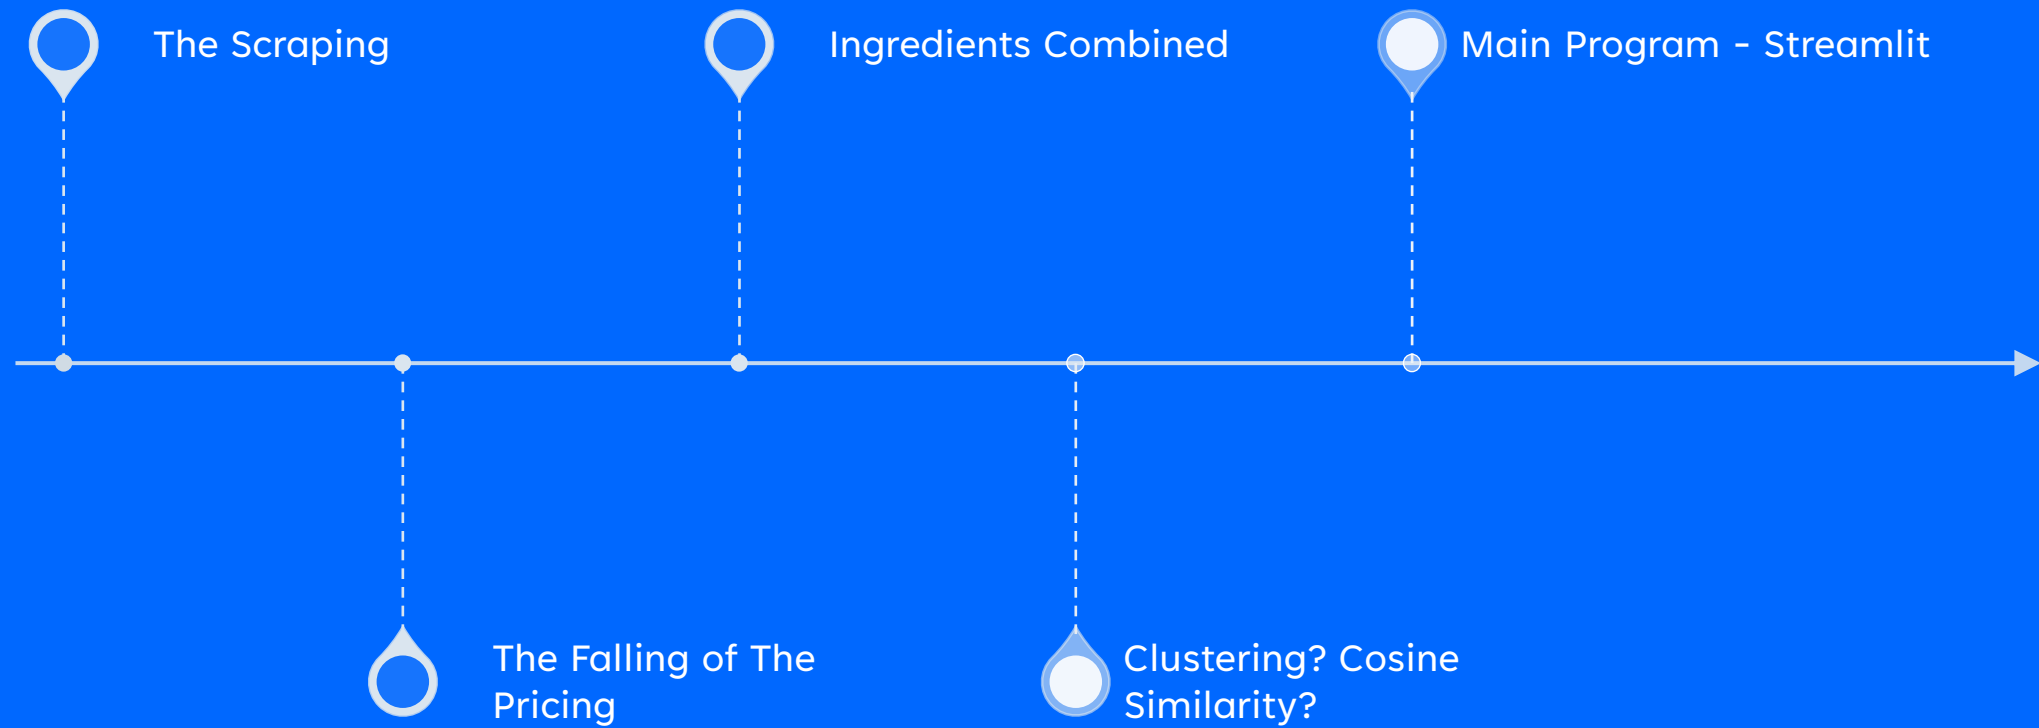

Ratatouille is here!

Ideas

Which Source?

A TV Channel of Famous Chefs?

A Magazine with almost 50 years?

Supermarkets for Pricing?

Development

The Scraping

Ingredients Combined

Main Program - Streamlit

The Falling of The Pricing

Clustering? Cosine Similarity?

Improvements & Conclusion

- Better Scraping of Some Elements: Ingredients could have been better for performing Pricing and Slicing of Servings;

- Better Performance of Model for Suggestion for User;

- Better App.

- Learned Lots about everything in the Project.

Obrigado
